

I have been following this story since it began. I am outraged at the blatant eshewal of federal elections law shown by Sinclair Broadcasting. The use of public airwaves, and the pre-emption of programs on local stations, is an abuse of public monies and trust that cannot stand.

If the program "Stolen Honor" is aired on any Sinclair affiliates, I will join with others to protest the renewal of their FCC licenses. Moreover, I will boycott any and all advertisers on Sinclair Broadcasting.

I hope that the FCC will take action on this issue. The FCC should be a nonpartisan agency. The partisanship here belongs with Sinclair, not the public who are protesting the program. I urge the FCC to threaten all possible legal action against Sinclair to prevent this from happening.

Sinclair has shown that it is not above using force to get across its political message. This same corporation refused to air the program by ABC in which the names of fallen soldiers were read. They are setting a dangerous precedent, and it is up to the FCC to rule on this issue. Thank you for your time!
